AEG Annual Meeting Supplement to September Edition

Vol. 3, No. 10 - 2nd Supp.

Welcome to Southern California and the nearby Inland Empire

Meetings and Events

Monthly dinner meetings are usually held the 3rd Wednesday of each month roving from Temecula, Rancho Cucamonga, Redlands and Corona, or in-between such as Riverside, San Bernardino and Ontario, and otherwise, from 6:00 pm to 8:30 pm, with a special guest speaker. Sometimes we have a field trip in lieu of a meeting, and more of that is thought of. There is no Chapter Dues. Non-Members and students are welcome to attend.

Continuing Education:

Two-to three per year Quarterly Saturday "Geology Continuing Education Series" courses co-sponsored with Inland Geological Society addressing a focused topic with 5-6 Guest Speakers. One 2-day AEG-approved short course per/year (with field trip). Both courses are with Continuing Education Unit credits, mostly held/conducted through University of California Extension Center at UC Riverside. Student discount available, Member discount.

Student Education Outreach:

Meetings cover costs for students, making awards twice/year of significant financial assistance to many local University students focused to undergraduate earth science majors.

Donations:

Many personal and corporate donations are received mostly passed on for student/education assistance. Free advertising, for vendors and companies, in limited ways

More Information:

See Chapter web-page at Section web-site: www.aegsc.org/Inland, or contact Officers. The Inland Empire Chapter welcomes you to our environment of elevations, mild to extreme climate, and a terrific mix of geologic attitudes, and a host of geological problems & geohazards.

President's Message

Hello to All !

For those who do not know me I am Michael Cook (Mike) and have been working in the geological field since the early 80's, mostly in southern California but have conducted work through out the state. I am looking forward to an interesting coming year as your elected President of the Inland Empire Chapter. There are several informative talks already planned for our meetings over the coming months. Please check the Inland Empire Chapter web-page regularly for news/updates at www.aegsc.org/inland.

Other events on the books include extension short courses jointly sponsored with IGS to be held at University California Riverside and tentative ½ day field trips to some of the interesting geologic features present within the Riverside and San Bernardino Counties.

One of my immediate challenges is to have the coming year's slate of speakers for 12 months filled. It would be appreciated to receive comments, requests and/or names of speakers/topics from our members. Please forward the names and contact references of potential speakers to me or Rick Gundry.

We will not have a September meeting in lieu of the Annual Meeting being held in LA this year. I hope to see many of you there as this is the 50th anniversary of the founding of our association. Our October meeting will be held at Pat 'Oscars' Restaurant in Temecula. I hope to see many of you there as well. I plan to have a more formal announcement of the coming year's plans and events at the October meeting.

And remember a geologist is someone who will hike six miles to look a broken fence that was "offset by a recent earthquake".

– Mike Cook
Chapter President
2007-2008

Officers 2006-07

Chapter President
Rick Gundry
Inland Geologic, Inc.

Vice President North
Mike Cook
Kleinfelder Associates
(909) 557-1463
Mcook@kleinfelder.com

Vice President South
Mitch Bornyasz
Leighton Group
(951) 252-8926

Past Presidents
– Frank Jordan 2005
– Gary Wallace 2006
– Rick Gundry 2006-2007

The AEG Inland Empire Chapter Newsletter is a monthly publication of the Inland Empire Chapter of the Southern California Section, Association of Environmental and Engineering Geologists (AEG). For more information visit web-sites

Submittals: Deadline is 28th of the month. Employment notices of job position vacancy announcements are at no cost. (See notice inside this Newsletter)

Address changes: please submit to e-Mail address at above (see web-site)

Advertisements: Newsletter circulation is about 170 or more in greater inland areas of southern California, and elsewhere.

Advertisements are welcome also at no cost for posting; however, we would like some form of donation. That would be later recognized in list of donors.

Officers 2007-2008

Michael Cook
Kleinfelder, Incorporated

Doug Cook
Certified Engineering Geologist

Mitch Bornyasz
Leighton Group

Lisa Battiato
Kleinfelder, Incorporated

Dave Gaddie
Riverside County Planning

Chapter President
Redlands, CA

Vice President North
Victorville, CA

Vice President South
Temecula, CA

Chapter Treasurer
Temecula, CA

Chapter Secretary
Riverside, CA

Future AEG Meetings

OCT Weds, October 17, 2007, Temecula, Pat 'N Oscars

-- "Riding the waves of San Andreas: Geologic and Engineering aspects of the 17 October 1989 Loma Prieta Earthquake, Santa Cruz, California"
Dr. Jeffrey Marshall, Associate Professor, Cal Poly Pomona Univ.

NOV Weds. Nov. 14, 2007, Cal State San Bernardino, Geology Laboratory

-- CSUSB Geology Club & AEG Joint Meeting --
-- "Latest Pleistocene slip rate of the San Bernardino strand of the San Andreas fault"
Dr. Sally McGill, Professor of Geology, CSU-San Bernardino

DEC Wednesday December 19th, Corona, Cask 'N Cleaver

-- "Accelerating Seismicity Before Large Earthquakes: The Life and Death of an Earthquake Prediction Scheme"
Dr. David Bowman, Associate Professor and Chair, CSU-Fullerton

JAN Wednesday January 16th, 2008, Pomona, Geology Club Classroom

-- Cal Poly Pomona Geology Club & AEG Joint Meeting --
-- "Title and Speaker to be announced"

FEB Wednesday February 20th, 2008, Moreno Valley, Millies Res. & Bakery

-- "Tsunamis and Earthquake Dynamics"
Dr. David Oglesby, Professor of Geophysics, University of California,

MAR Wednesday Mar 20th -2008, Redlands, Marie Calenders

-- "Engineering Geophysics"
Anthony Martin, Geophysicist, Geovision Geophysical Consulting
